THE MURAKA

THE FIRST OF IT'S KIND, A CLASS OF IT'S OWN

MALDIVES

INTRODUCTION

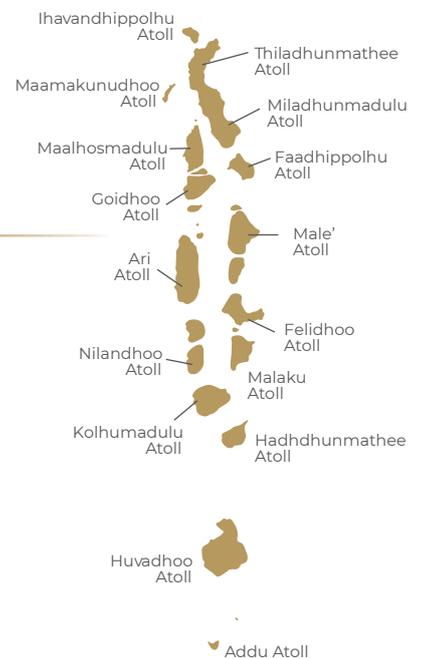

THE ONE & ONLY

The Muraka opened its doors in 2018 to become the Maldives, and the world's, very first underwater hotel suite. It is part of the Conrad Maldives Rangali Island Resort. A stay at The Muraka is an exclusive experience and guests can arrive directly via private seaplane from the airport or transfer by speedboat from the main resort.

The Suite has three bedrooms and two-level residence offers a spacious living space above water with a master bedroom submerged over 16 feet below sea level. The suite's 540 metric tons (600 short tons; 530 long tons) was first built in Singapore and then transferred to the Maldives by ship. The total cost of construction was \$15 million.

The Maldives is formed by 20 natural atolls, along with a few islands and isolated reefs. The atolls of the Maldives form a quite regular chain and complex structure. Owing to the many beautiful diving grounds of the numerous atolls of the Maldives, this country has been marketed as a prime destination for scuba divers worldwide.
